ENGLISH ALIVE – ACADEMIC INFORMATION & DETAILS

Where possible we try and incorporate requests from schools to be included in our programme.

Please note however that:

- the ethos of English Alive is for students to be able to use the English they have already acquired in a communicative and confident manner
 - little time is dedicated to grammar and writing
 - error correction is considered less important than the students “getting the message across”
-

Do you have any requests to be included in our programme?

From the information we receive we will put together a course plan and quotation with examples of the type of materials to be used.

Thank you for taking the time to complete this form and we look forward to visiting your school.
